Flood Re is a scheme developed by the insurance industry and the Government to make flood cover more affordable for households at the highest risk of flooding.	
As a result of Flood Re, there should be far more home insurance options available to households like yours. The flood risk under your policy will be passed to Flood Re and in the event of a flood claim under your policy we will recover the cost of this from Flood Re. This will not affect the handling of your claim, which would be dealt with and paid for entirely by Aviva in the normal way.	
For further information about how Flood Re works and what the benefits are, visit <a href="http://www.aviva.co.uk/floodre">www.aviva.co.uk/floodre</a> where you will also be able to find information about flood prevention and protection.	
<b>Method of Payment</b>	
Annual by credit card.	
All cancellations (outside of the 14 day statutory cooling off period) and some adjustments during the term of this policy are subject to administration charges. Please refer to your Important Information document and policy booklet for details.
